### Information for Applicants

#### Application writing tips

Building Blocks Capacity Building Stream is a highly competitive funding program and organisations need to ensure that their applications make a clear and convincing case for why their project should be funded.

To increase the chances of your application being successful, we strongly recommend that you consider the following tips:

- Start working on your application as early as possible.
- Carefully read the [Building Blocks Capacity Building Stream Guidelines](#) and [Capacity Building Stream Assessment Factsheet](#). These are available at [Building Blocks Grants - Capacity Building | Victorian School Building Authority \(schoolbuildings.vic.gov.au\)](#). Please also read the [Frequently Asked Questions](#).
- Respond fully to each question on the application form.
- Ensure you include all necessary supporting evidence such as cost estimates / quotes, design drawings and evidence of authority to undertake the works.
- Ensure that all answers and supporting evidence are:
  - clear and concise;
  - factually correct; and
  - directly relevant to the application (for example, only attach policies or strategies that make explicit reference to the project or the existing service).
- Read through your prepared application to ensure it is ready. It can help to have someone else read the application before you submit.

#### ELIGIBILITY

Your organisation can apply if it is:

- a Victorian local government (Council);
- a not-for-profit community organisation that is a legal entity (for example an incorporated association, incorporated cooperative or Indigenous corporation); or
- a Victorian non-government school registered with the Victorian Registration and Qualifications Authority or Catholic Education Commission of Victoria.

#### **For-profit organisations cannot apply.**

If you have any queries about your grant application, contact the VSBA Early Childhood Grants team at [building.blocks@education.vic.gov.au](mailto:building.blocks@education.vic.gov.au)

For projects seeking a **smaller** increase to approved places, the maximum grant allocation would be less.

Projects proposing an expansion of **more** than 33 approved places are eligible for additional funding. For example, an expansion of **66** new approved places would be eligible for **\$3,000,000** in funding.

- If your project relates to an existing service, what were the results of the most recent national Quality Assessment Rating for Quality Area 6?

Your score for this criterion will count towards 15% of your overall assessment score.
